

# GLOBAL LEARNING PROGRAM

**27 February - 4 March 2023**

# WE ARE INVITING!

CALL FOR GUEST LECTURERS

Institut Teknologi Sepuluh Nopember (ITS) Surabaya, Indonesia, a leading university in science and technology striving to become a Top 500 world-class university, is committed to engage proactively in bringing the world to the campus.

As the international travel resumed post pandemic, **ITS is inviting international faculty members, who had never been a part in any program at ITS\*, to speak in our Global Learning Program (GLP)**, taking place on-site in Surabaya, Indonesia.

Through GLP, speakers will get the opportunity to deliver guest lectures for ITS undergraduate (UG) students, both International Undergraduate Program (IUP) and regular programs in basic sciences (Mathematics, Physics, Chemistry, English, Technopreneurship, and Insights and Applications of Technology), as well as in field base. Lecture and research discussion with postgraduate students are also possible.

Additionally, GLP includes networking opportunities and local adventurous tour.

**Expand your international exposure through GLP and register today.**

\*Kindly check whether your name is listed at [intip.in/BankARER](http://intip.in/BankARER).
